Amy Quackenbush

1029 N.E. 65th St.

206-522-5245

The giant windows at this salon help the colorists produce the most skin-flattering shades, but our first thought was that they would reveal our past hair transgressions. After a lengthy discussion about our hair habits and preferences, Quackenbush gave us a dark chestnut base, with hints of red, gold, and some sandy highlights to bring it all together. We've seen the light, and now we look fantastic in it. Highlights, \$85 and up.
